* TO&E does not indicate who drives the motorcycle. It is thought to have been assigned here.

** TO&E does not indicate who carries the semi-automatic rifle. It is thought to have been assigned here. This is supported by the variation in the number of chauffeurs and the appearance of an automatic rifleman in the 2nd Section.

*** TO&E does not indicate who drives the second truck. It is thought to have been assigned here, but it is possible the general mechanic drove it.
